HUNI Offers a dynamic system of teaching, learning, and research in a serene environment, aided by cutting-edge equipment, facilities, and structures to aid in the development of world-class graduates who will be competitive in content and character.

HAVILLA UNIVERSITY (HUNI)
Learning ◆ Integrity ◆ Excellence

HUNI VISION

To be a leading University recognized, nationally and internationally, for promoting innovations in teaching, research and public service through its academic programmes.

HUNI MISSION

To transform the lives of its students and staff and empower them with knowledge, skills and values to enable them excel in their fields, achieve successes and transform their societies.

HUNI PHILOSOPHY

Havilla University is guided by a five-point agenda that includes: Knowledge creation, Student-centered, Community-participation, Balancing Stability and Change, and Global Relevance.
